Ladies and Gentlemen,

Direct Extension
+49-661 9640-301

it is with great pleasure that I extend my wishes at the 20th
Anniversary of the New Bulgarian University (NBU).

I wish you continuing success as you meet the educational needs of
your students. It is exciting to acknowledge that NBU is now focusing
on developing international programs in English and French, and is
extending her international cooperation in ERASMUS and in other
European Community projects. Our two computer science departments
cooperate since 2003 extensively in ERASMUS and in other scientific
projects. In support to this, since 2006 the computer science
department of our university provides an annual grand for one student
to participate in our International Summer University.

It is an honor for us to be one of the co-organizers of the Annual
International Conference on COMPUTER SCIENCE AND EDUCATION
IN COMPUTER SCIENCE (CSECS), together with New Bulgarian
University and Boston University. I wish you many great scientific
contributions, and much success in this year's 7th CSECS, which is
dedicated to the two decades of NBU!

My thoughts are with you for a memorable 20th Anniversary celebration
and I wish you the very best in the years to come.

Yours sincerely,

Prof. Dr. Werner Winzerling

- Dean of the Department of Applied Computer Science -
